

I want to be a teacher when I grow up. If I become a teacher, I will teach children from different backgrounds and levels enthusiastically. I am willing to help them learn. I need to equip my English knowledge well and develop a caring, understanding, and attentive attitude so that I can address children's learning needs effectively.

I believe this job is suitable for me because I love teaching children very much. They are lovely. I am hardworking and committed to continual learning to become an outstanding teacher. I think that being a teacher is a meaningful and challenging profession.
