

# Wong Pak Kwan Caiden

Jaco is my classmate. He sits on Venus's right. He is tall and thin. He wears glasses. His glasses are blue in colour. My classmates and I all like him.

I like him because he is friendly. He always helps me with my homework. He always plays catch with me after school too. He is kind. His favourite subject is Computer Studies. He is good at using computers. He teaches me how to use the computer.

I am glad that Jaco is my classmate. He is my best friend!
