Primary 5 - Yu Kingsley A Must-Visit Destination for Your UK Friend

My favourite place in Hong Kong is Sai Kung. It is in the New Territories. I have been there over 100 times. I go with Mum most of the time. I go there by minibus. Mum and I usually go to the library first, and then we have lunch (mostly noodles).

Since you will be here, we will eat seafood. After that we will perhaps ride on the boat to the islands. I was shocked on how fun it was when I first went there. I hope you will feel the same. Another reason I want to bring you there is because I know in the UK you have to drive for hours to look at the sea while Sai Kung is near the city centre!

Looking forward to seeing you!
