The plot was surprising, exciting and amusing. It was surprising as some main characters died and Thor couldn't prevent Ragnarok. It was exciting as the battle between Thor and Hulk was breathtaking. The movie had a lot of funny parts which made me laugh. The music was the best. It was a cool piece from Led Zepplin. ✓

Thor arrives in Sakaara country lead by the Grand-master. He fights Hulk, goes back to Asgard with Hulk, Valkerie and Loki to defeat Hela. ✓
